Utilita is a dynamic, innovative, independent, UK company, licensed to supply **gas**, **electricity** and **telecoms**.

We have developed a highly effective, cost efficient, fully integrated, way of operating that will generate significant savings and benefits for the customer.

Savings and benefits that other suppliers cannot deliver.

Savings and benefits that will take the bother out of utilities.

Most of all, Utilita is committed to helping households become energy efficient and reducing their carbon emissions, now and for years to come.

The average household wastes £200 a year . . .

What would you rather spend it on?

get it together

Clean and simple Utilita takes the bother out of utilities and helps you make your home more energy-efficient for years to come. It's this simple:

- Gas and electricity together
- One convenient single bill
- A variable monthly payment scheme
- Fair prices
- Positive customer experience
- Free energy survey of your home
- Earn **planetpoints** for energy-saving products

Utilita - Saving You Energy and Saving You Money

get smart

Utilita is also committed to the installation of modern, smart meters. Smart meters can revolutionize the way households consume energy, help to reduce demand and do away with the frustrations of estimated bills.

Please register your interest in smart and pre-payment meters by visiting the get smart page on the Utilita website.

We all know that global warming is one of the biggest ecological threats facing humanity. More extreme weather and rising sea levels are just two of the problems we cannot escape. When the icecaps melt the polar bears will have to swim for it ...

Each of us can do many things to help, but using less energy while staying cosy and safe is one of the best ways to be **eco-friendly**.

Utilita is also working to deliver energy savings to fuel-poor households in the UK, which is **community-friendly**.

get looked after

Utilita comes from the Latin noun "*utilitas*", which means *useful* and *beneficial*.

Not only are the energy saving products and advice offered by Utilita *useful* and *beneficial*, but at Utilita we are committed to delivering a positive customer experience which is **useful** and **beneficial** - not frustrating, irritating or unrewarding.

We aim to avoid such annoyances as automated telephone systems, unanswered queries and uninterested staff.

At Utilita, customers will speak with friendly, attentive staff who get a buzz out of making their customers happy.
